

## Rainbird ESP-TM2

[https://www.rainbird.com/sites/default/files/media/documents/2017-06/man\\_ESP-TM2\\_en.pdf](https://www.rainbird.com/sites/default/files/media/documents/2017-06/man_ESP-TM2_en.pdf)

Auto= is set for watering 3 days per week (Monday, Thursday, Saturday).

- If too wet, turn the system to off. Turn back to auto when you want to start watering again.
- If too dry, use the seasonal adjust (increase the percentage) OR add more watering days on Friday and Sunday.

*Please do not water and Tuesday and Wednesday so that yards are dry for Wednesday mowing, this decreases the risk of damage to yards from mowing.*

### Seasonal Adjust

**Increase or decrease program run times by a selected percentage (5% to 200%).**

**Example:** If the Seasonal Adjust is set to 100% and the station Run Time is programmed for 10 minutes, the station will run for 10 minutes. If the Seasonal Adjust is set to 50%, the station will run for 5 minutes.

Turn the dial to **SEASONAL ADJUST**.

- Press **-** or **+** to increase or decrease the global percentage setting.
- To adjust an individual Program, press **Program Select** to choose the desired Program (if necessary).

### 4 Set Watering Days

#### Custom Days of the Week

**Set watering to occur on specific days of the week.**

Turn the dial to **RUN DAYS**.

- Press **Program Select** to choose the desired Program (if necessary).
- Press **-** or **+** to set the selected (blinking) day as either **ON** or **OFF**, and to automatically move to the next day.
- You can press **◀** or **▶** at any time to move the cursor to the previous or next day.
